

The Saskatchewan Times

Published every Tuesday.
At the SASKATCHEWAN TIMES Printing and
Publishing Office, in the town of Prince
Albert, Sask.

J. D. MAVEETY.

Subscription price: \$1.50 per annum, in
advance, single copy 5 cents.
Being published in the centre of a very
fertile and rapidly progressing district it is
an excellent medium for advertising.
Rates for advertising: advertisements given
on application at the office.
Transient advertisements 10 cents per line
first insertion, five cents per line each addi-
tional insertion.
Business local 15 cents a line.
No advertisement inserted for less than \$1.
The publisher reserves the right to refuse
to insert advertisements of a questionable or
objectionable character.
A liberal commission will be paid to
agents who are willing to act as agents for
us. Write for terms.
All communications, letters, notes, etc.,
to be sent to
J. D. MAVEETY, Proprietor.

PRINCE ALBERT, NOV. 6 1894.

Here we have the middle of Novem-
ber and summer weather still. If
this thing continues we shall have to
pack up our winter clothing and send
them to Ontario or Quebec, or some
other cool country where such thing
are needed. Here the noble and
glorious Saskatchewan is still a swelter
while, at the same time, there is not a
particle of snow on the ground, and
the people are driving around clad in
summer attire. We do not think
that there is another spot within our
vast Dominion that can, at this season
of the year, show such balmy health-
giving weather as the Saskatchewan
valley. Just fancy! A warm gentle
rain on the night of the 13th followed
by mild spring weather on the 14th.
The like has never been seen before by
the oldest inhabitant, and can ac-
count for it in no other way than that
some powerful genius has set his shoulder
to our terrestrial ball, and tipped it in
the direction which wise men tell us,
it occupied in ancient days when
the earth's axis was at a right angle to
the sun which, of course, caused equal
day and night and continual spring
upon the earth.

There is somewhat of a wonky war-
fare now carried on in Manit-
ba between the Winnipeg Board of Trade,
the Patrons of Industry and the firm
in general of the one part, and the C.
P. R. Company on the other part. For
some time past there have been
complaints loud and long made re-
garding excessive freight rates charged
by the C. P. R. These complaints
have been so persistent that a com-
mittee of investigation has been ap-
pointed by the Government in order
to enquire into the matter. The C. P.
R. organ, as a set off we suppose,
has been making charges against some
persons or persons unknown, the grain
dealers very likely, for adulterating
the Manitoba wheat, No. 1 hard. This
is strenuously denied by the Nor-
wester, which claims that there is no
foundation for these assertions of the
C. P. R. organ, but are really nothing
more or less than certain red hearings
drawn across the track to divert public
attention from the real point at issue,
namely, the exorbitant freight charges.
How the thing will end is hard to say,
but with all due deference to the
patrons concerned we have no hesita-
tion in affirming that a reduction in
freight rates is would be a welcome
 boon to every business man and every
 farmer in and around Prince Albert.

We think that there is something to
be proud of after all in being a British
subject and under the protection of
British law; and more especially have
we cause to be thankful that we are
law-abiding people. We may be slow,
we may be behind the age in man-
Yankee point of view; but we think
that if Brother Jonathan would take
a cue from us in many things he would
be none the worse off for it. We had
an election contest lately, and we are
proud to say that it was conducted in
a manner creditable to all parties con-
cerned. Everything passed off in a
quiet and orderly manner, and no one
was known to utter an angry word
against another, no matter how
voted. The United States also has
an election; but they conduct these
things in a different form over there.
This may be gathered from the fact
that their election is as marked by
pistol shooting and waving of flags
with bowie knives. Murders have
been committed, some of them by men
who are supposed to be preservers of
the peace, namely by what is called a
United States marshal. What the
duties of an officer bearing such a
name are, we cannot really say, but
we have an idea that a U. S. marshal
is something akin to our policeman.
That being the case we would surely
expect that such men would disgrace
themselves by getting into political
squabbles and shooting their pistols
off in the face of any one differs from
his views of things. We, too, have a
policeman, but, thank God, he is not
at all like that! He is rather a decent
sort of fellow who does not trouble his

head as to how a man votes. Let us
be thankful that we are Canadians
and that our country is not disgraced
by such lawless acts as lynching,
and indiscriminate use of the revolver
and bowie knife. Such scenes as are
on many occasions enacted over the
border are a disgrace to any people,
and if the United States wishes to be
reckoned as one of the civilized na-
tions of the earth, the sooner she
stamps out these acts of lawlessness
from her midst the better it will be
for her reputation.

In another column will be found an
article regarding teachers of the third
class being required to attend a course
of training at some local Normal
School, in order to qualify themselves
as permanent teachers. While wish-
ing Godspeed to every effort towards
the spread of education, we cannot
help thinking that the cause of educa-
tion suffers considerably from the
outlet in cramming in preparing for
public examinations. The general
tendency of teaching of the present
day leads the pupil to have a super-
ficial smattering of every conceivable
subject under the sun, without being
really proficient in any one. Life is
so short to learn everything; we
should therefore let some things slip
in order that we may learn thoroughly
the things which will assist us to fight
the battle of life.

The Liberal papers are havin-
much fun over the name of the new
leader of the Ontario opposition. Be-
fore long they may find out, however,
that there is a great deal in a name
some times, and that he is not the kind
of martyr they think.

Generals Yeh Chi Choo and Wei
Yue Kwei have been condemned and
likely to be deprived of their
heads, the one for cruelty and cowar-
dise, the other for cowardice and
extortion. The punishment may fit
the crime well enough, but cutting of
soldiers' heads is a poor way to make
their comrades brave.

Three men in the Brandon Court
house, who made themselves promi-
nent by cheering the verdict that ac-
quitted Mrs. Harley of a charge of
murder were sent to jail for forty-
eight hours by the judge. Justice
and Order are twin deities and the
former can be very severe when the
latter's rules are broken before her.

Ottawa's assessment commission
reports an increase in the city's popu-
lation during the past year of 2,640,
The Capital now numbers, according
to the municipal census, 47,775 in-
habitants. Toronto showed an in-
crease on the year of some 6,000 population.
Both Hamilton and Brantford report
increases. The county appears to be
doing pretty well.

The Whiteway candidates in Trin-
ity, N.H., before the polling began
filed a protest all going irregularly
in the proceedings so grave as to make
them illegal. Then in the polling
they received a majority of votes.
Now their own protest may serve as a
basis for attacking their seats. This
is one of the most striking illustrations
of the engineer being hoist with his
own petard; his politics have afforded
for some time.

The Patrons have picked out a Mr.
Brown as their special choice of a
candidate to contest H. in Clarke Wallace's
seat in West York. At the polling day
they will likely come to the conclusion
that Mr. Brown was a little too green.

Liberal paper in which speak of Mr.
Mather's selection as leader of the
Ontario Opposition, do not seem to
like it. This is probably as good a
reason for counting the action a wis-
e one as is the fact that Conservative
papers do seem to like it.

The German Soci is a club put all
the a. r. l. straight if the world would
only let them, but they have great dif-
ficulty in keeping it so among them-
selves. With the parallel this wis-
dom establishment on this plan it be a
fashion of the bar garden they have
been holding at Fort for 1

Rev. Mr. Noble, of Quebec, thinks
the Low Church Anglicans, when they
are offended by the presence of High
Church services in their places of wor-
ship, should throw the obnoxious ar-
ticles into the street. Mr. Noble's
plan will make the service lively if
not edifying.

Mr. Morley has replied with a very
simple reply to the request of the Irish
representatives for the release of the
dynamite confined in English prisons.
The tokens of regard for their Celtic
allies the Saxons Liberal of the Rose-
bery Government are willing to tender
stop on this side of forgiving men who
tried to blow innocent Englishmen to
smithereens.

The Canadian loan has been success-

ful. The objects for which it
was issued, the repayment of outstand-
ing obligations, the sinking fund and
the completion of developmental work
no doubt find their influence in bring-
ing about the satisfactory result. The
confidence of the investing public in
Canada's ability to meet her obligations
begotten of long experience and due
to her steady growth in industrial and
national progress and in population.
However, the main cause behind
Mr. Foster's success, which is some-
thing he may rightly be congratulated
on. A rate of almost 97% for Cana-
dian 3 per cent. bonds is something
early ventures on London's financial
sea could hardly have dreamed of.

Mrs. A. Williams
Lynn, Mass.

For the Good of Others

Rev. Mr. Williams Heartily En-
dorses Hood's Sarsaparilla.
We are pleased to present this from
Rev. A. A. Williams, of the Silas
street Christian Church, Lynn, Mass.:
"I see no reason why a clergyman, more than
a layman, who knows whereof he speaks,
should hesitate to approve it."

Article of Merit
and worth, from which he or his family have
beneficially benefited, and whose recom-
mendation may be extended to others. It
offers by its very nature a sufficient guaran-
tee for many years to come a sufficient guaran-
tee for many years to come.

Nervous Headache
for which the first little help. See how
many others that have been cured by
this medicine. Last fall a friend gave her a
box of Hood's Sarsaparilla. It seems sup-
plying what she needed. The attack of
headache has been cured. The medicine
has been very useful in their family.
Her appetite has also been better.
From our experience with

Hood's Sarsaparilla
I have no hesitation in endorsing its merits.
A. A. WILLIAMS

Hood's Pills are the best family cathar-
tic and effective. Try a box.

DIRECTORY.

Ask your druggist for Burland's Old Dominion
Cinnamon Brand Cinnamon Pills. Shallow
rectangular metallic boxes sealed with cress-
cent. Absolutely safe and reliable. Relieve
all nervous and harmful imitations. Upon
receipt of six cents in stamps we will reply
by return mail, giving full particulars in
plain envelope. Address—

BURLAND CHEMICAL CO.,
Morse Bldg., N. Y. City.
Please mention this paper.

HOW IS THIS?

Something new even in these days of mam-
moth premium offers, it is the latest effort of
Stafford's Magazine, a New York monthly of
home and general reading.

The proposition is to send the Magazine
one year for one dollar, the regular subscrip-
tion price, and in addition to send each sub-
scriber fifty-two complete novels during the
twelve months of one year.

Think of it. You receive a new and com-
plete novel by mail, post paid, every week
for fifty-two weeks and in addition you get
the magazine once a month for twelve
months, all for one dollar. It is an offer
which the publisher can only afford to make
in the confident expectation of getting a hun-
dred thousand new subscribers. Among the
authors of the coming series are: Wilkie
Collins, Walter Besant, Mrs. Oliphant, Mary
Geel Hay, Florence Marryat, Anthony
Trollope, A. Conan Doyle, Miss Bradton,
C. Plain, Marryat, Mrs. Tennyson and Julia
V. Rice. If you wish to take advantage of
this unusual opportunity send one dollar for
Stafford's Magazine, one year. Your first
copy of the magazine and your first novel of
the fifty-two novels for one year will be sent
to you at once. The year will be sent by P.O.
order, registered letter or express.

F. C. BAKER
At the Old Stand.

TOWN AND DISTRICT

There is need of Artists Materials should go to Geo. W. Baker call.

The stock of pipes at the Post Office Book Store is the finest ever in Town.

Read T. O. Davis' new advertisement in the paper.

Rev. Canon Flott returned from the east in a good way, where he had been purchasing a stock for his store.

Skating on the ponds south of the town is now the favorite pastime of the younger portion of our community.

If you want a Piano, Organ or Sewing Machine for home, call and get prices and terms from Geo. W. Baker.

The engine pump at Kibler roller mill is causing trouble in the water supply, since the mill is doing very satisfactory work.

Geo. W. Baker has the latest styles of Iron Goods of all kinds that the eastern market can produce. Call and see for yourself.

Suppl. Geo. W. Baker's for the finest assortment of Watches, Clocks and Jewels in town. We have the goods and they must be sold regardless of prices.

Mr. and Mrs. E. J. Rankin and family, who have been visiting here for some time, left for the home of Mrs. Rankin, left for Winnipeg Monday morning train.

Don't forget that the only place to buy good goods at low prices is at Geo. W. Baker's. See my Xmas Goods, the finest in Saskatchewan.

A cold snap having set in, Mr. Bartholomew resumed work on the curbing. He is putting up low walls for the accommodation of those using the rink.

Every social and pleasant evening was spent Wednesday last by the two students at "At Home" given by Mrs. N. L. Laid. A good programme had been arranged and was carried out most successfully.

A meeting of the members of the Saskatchewan Curling Club is called for Monday at 8 o'clock, at Mr. Campbell's quarters in River street. A good attendance is requested.

At the annual meeting, St. Andrew's Society resolved to celebrate this year, having under the same special meeting, to be held on the 1st and the question recommended.

The newly elected M. L. A., J. L. Reid, Esq., and Mayor Davis were serenaded by the town band Thursday evening. A high place the band boys were well received and entertained.

Contractor Knox and all the workmen he had employed in the erection of the new residence for the Roman Catholic bishop and clergy of this town, were directed to keep Saturday last.

Heart Disease relieved in thirty minutes. All cases of organic or sympathetic heart disease relieved in 30 minutes and quickly cured. By Dr. Agnew's Cure for the Heart. One dose convinces. Sold by J. G. White & Co.

News, as yet, has been received from Underland as to the results of the Prince Albert election in that portion of the constituency. Flooding it from that point at the end of the year is slow and laborious work.

The land boys will hold their first annual ball about the 1st of next month. It promises to be a successful affair. Let the boys make it a success. They can do so, and the boys deserve it from town.

All persons holding non-professional certificates of the third class and driving to qualify as teachers are required to complete a course at a local Normal session beginning January 2nd and ending March 15th. To enable the Council to determine where the sessions should be held, interested persons are requested to send forth with their names and addresses to the Secretary.

Mr. O'Brien, the photographer, has received a letter from the editor of the Canadian Photographic Journal asking to make arrangements for 1,000 different views of Prince Albert and locality, to be published in the Journal. This will be the best advertisement of the town and district yet published. It also shows Mr. O'Brien's artistic circles, as none but first class work is admitted in the Journal.

The entertainment given in the town hall on St. Paul's church, under the management of Mrs. Young, was a success in every particular, and was thoroughly enjoyed by the large and appreciative audience which had turned out for the occasion. The programme was carried out in a very successful manner, and only to the very best of the training for the season. On the following afternoon a dance was held, at which there was a good attendance. We are pleased to know that, generally, both entertainment was a very successful one.

Rev. Mr. Rochester has gone to Winnipeg to attend a meeting of the Presbyterian synod.

Rev. Canon Flott and family have taken up their residence in the dwelling owned by E. J. Cann.

Mr. Peterman has completed the erection of Biggar's new feed and sale scales on Selkirk street.

Miss McFaggart, school teacher at Wilton, has returned home, her school being closed for the winter season.

Mrs. (Cap.) Allen, accompanied by her son, leave shortly for Florida, where they intend residing during the coming winter.

The contract for the supply of oats to the Police barracks was divided between Messrs. Azner, Sinclair and McLeod.

Mr. E. Ross, inspector of weights and measures, has gone on a business trip, and will visit Duck Lake, Saskatchewan and Battleford.

J. D. Wilson, Indian farm master, has been transferred to the Battleford district and left for the nearest capital last week. Mr. Wilson, who has been stationed in this locality for a number of years, will be very much missed.

Rev. Canon Flott, Public School Inspector, returned this week from a visit around the schools in the neighborhood of Battleford. He leaves again at once to inspect schools in the neighborhood of Duck Lake and Carlton.

Mr. W. White left for Green Sound last Monday. Mr. White will return here in the spring, when he will resume operations at his brickyard. During his absence Mr. Gladstone will attend to all matters connected with the yard, and can be found at the Queen's when required.

The South Edmonton News is the latest candidate in the journalistic field in the Northwest. It is to be devoted to the interests of the Edmonton district, politics, business, secondary consideration, and in which it will take an independent stand. It is a well-written and news sheet and lunched out with a goodly share of advertising patronage.

Messrs. Davis and Morrison millers are pushing work at the Hudson's Bay Co.'s flour mill at the east end. The mill is being thoroughly overhauled, and when the new arrangements are completed will be one of the finest roller mills in the country.

Mr. J. B. Mack, miller of the H. B. Co.'s flour mill at the east end, had a close call for a serious accident this week, a scaffold on which he was standing giving away, causing him to drop some twenty feet.

Luckily some brackets attached to the side of the building helped to break the fall, and the ground floor helped to break the fall, otherwise Mr. Mack would not have escaped with only a severe shaking up.

The annual meeting of the St. Andrew's Society took place Monday evening in A. S. Stewart's office. There was a good attendance of members present.

The principal business of the evening was the election of officers for the coming year, which resulted as follows: T. N. Campbell, President; J. M. Smith, first vice-president; J. S. Stewart, second vice-president; A. McLeod, secretary; G. W. Baker, treasurer; W. R. Gunn, clerk; D. Bain, chaplain; Rev. Dr. Mackay, chaplain; Gust. Harson and S. M. McPherson, pp. J. A. S. Sull and A. S. Stewart, auditors; C. F. McLeod, S. McLeod, Graham, S. H. J. McLeod, C. C. McLeod, J. S. Sull, R. H. Mar, Alex. Stephen.

The Salvation Army is preparing for their Self-Denial Week, which will be celebrated throughout the Dominion of Canada, from December 1st to 8th, inclusive.

The proceeds, which have been raised in other parts through this movement, have been a tremendous success, and money to the Army's development and service.

Every member of the Army, as well as the members of our institutions, are asked to abstain from some or all luxuries, and in some cases, officers and soldiers have been required to abstain from even such luxuries as are considered necessary in order to raise funds to support the Salvation Army in its many different branches.

The social operation during the last twelve months, and, as a natural consequence, the demands upon the funds of the Army have increased, which will require greater efforts to raise an increased amount during this Self-Denial Week. The total amount aimed for is \$25,000.

The Manitoba Free Press in speaking of the Uxbridge Piano says: They are genuine works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright piano is thrown into the shade.

The Uxbridge Piano has a continuous back rack which will be appreciated in the playing of dots; sitting down to the piano the performer touches a lever and the keyboard is uncovered, and the hinges of the lid turn out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organ manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world.

However, the company is manufacturing a six Oct. Organ in Paris case, which is having a wonderful sale. The Piano made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal in tone, durability and finish to the best American.

For Over Fifty Years Mrs. Winslow's Sore Throat Syrup has been used by millions of mothers for their children while teething. It is a safe and reliable remedy, and is the only one that will cure the child without any danger to the system. It is the only one that will cure the child without any danger to the system. It is the only one that will cure the child without any danger to the system.

It is the only one that will cure the child without any danger to the system. It is the only one that will cure the child without any danger to the system. It is the only one that will cure the child without any danger to the system.

*A loan to Lorenson.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, hot or calloused itings, blood-spavins, splints, curbs, sweats, stifles and sprains.

JOSEPH ROBB, Farmer, Markham, Ont.

Sold by J. G. White & Co.

REUMATISM CURED IN A DAY.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by J. G. White & Co.

REPLY-PAID.

A Good Suggestion in the Way of Postal Cards.

The postmaster general states in his annual report that, upon the proposition of the delegates of the postal union at their recent meeting in Vienna, that every country should supply the public with a reply-paid postal card. Such cards have been in use in Austria for many years, and would be economical and convenient in domestic as well as in foreign correspondence. They are composed of two unseparated postal cards, folded in the form of a single card, and need no other fastening.

A correspondent can insure a correctly addressed and promptly answered reply by writing his full address on the reply fold of the card before mailing it; the card, on its first journey, being folded so as to cover the reply address. The receiver has simply to write his answer on the reply card, tear it off the inquiry card, and remit it.

If one does not care to preserve the inquiry or to write a long letter, the cards need not be separated. In that case a reply perfectly intelligible, unequivocal and binding for all business purposes, may be written in one or two words, in answer to a direct question.

The words "Yes" or "No," or "Certainly" or "Possibly" or "Probably," or "Smith & Jones," or "10 per cent.," or any other short replies, signed with initials or full name, with any heading of place or date, would, in connection with the attached inquiry card, convey as full and definite an answer, and show as plainly, where and by whom it was written, as an answer on an ordinary card or letter that conveys, besides place, date and address, a summary of the inquiry to which it is a reply.

The first reply-paid postal card received by the writer of this article traveled a distance of six thousand seven hundred miles. It was mailed by Yusef Bernhardt, Post-Director at Beyrouth, Syria, and was written in Volapuk, a new universal language. It bore this message: "Spoken words are the most reliable in human speech; which means: 'Reply postal cards have been in use in Austria for many years.'"

FIENDISH CRUELTY.

How Parishes are Tortured by a New Medical Experiment.

Paris is just now suffering tortures at the hands of one of those ingenious medical men whose recent into this world is seemingly to inflict as much misery upon suffering humanity as possible. This is a new automatic machine which is applied to the human or garden variety of the barrel organ, an instrument far more than any designed by the imagination for the torture of the human race. Its mode of operation is as follows: The organist places the instrument in front of the house whose inmates he desires to torture; then, with the machine like a clock, and adjusts to a neighboring café, out of earshot, of course, and there awaits developments.

The organ once wound up will proceed automatically for an hour or more, and after it has emitted horrible sounds for about a quarter of an hour, the people generally find they have had enough of it, and, having noted it as a nuisance, they go out to see what can be done to stop it. He reads the following notice, which is placed conspicuously on the machine: "If you wish this organ to stop, put a penny in the slot."

The penny is of course dropped in, the organ is quiet—

"Put a penny in the slot," says a public voice.

"To hell with the noise of sound!"

At the end of about five minutes, however, the organ begins playing again, and has to be stopped by the application of more coins, for all the world as if it were an almanac.

The American method of procedure would be to drop the machine in the street.

Power of the Whale.

The horse power of a whale has been made a subject of study by the eminent anatomist, Sir William Turner, of the University of Edinburgh, Scotland, in conjunction with the equally eminent Glasgow shipbuilder, John Henderson.

The size and dimensions of a great humpbacked whale, which was stranded several years ago on the shore at Longridge furnished the necessary data for a computation of the power necessary to propel it at a speed of twelve miles an hour. This whale measured eighty feet in length, twenty feet across at the flukes of the tail and weighed seventy-four tons. To attain a speed of twelve miles an hour one hundred and forty-five horse power was required.

Awarded highest honors—World's Fair.
